

OF-BIN SERIES

BIG IRON OPEN CABINET

Mainframe's Big Iron Open Cabinet Series is an adjustable open frame knockdown rack, mounted on 4 caster wheels for ease of movement. These convenient and well ventilated open cabinets are ideal for rack-mount servers, switches, networking equipment and cabinet consoles. As well, a built-in six fan ceiling unit maximizes air flow to reduce overheating. Shipped as flat packs, Mainframe's Open Cabinets are an ideal solution for your networking needs.

Includes two 0U/vertical mounting trays for securing cable bundles and mounting vertical PDUs without tools.

Comes with a built-in six fan ceiling unit to provide maximum air flow and reduce overheating.
