

# CMS SERIES

## CABLE MANAGEMENT SYSTEM

Effective cable management is designed to organize and support cables from patch panels, switches and any other rack mounted devices. Our standard 19" compatible solutions manage everything from small to large bundles of cables and patch cords. Keep your installations looking great and operating smoothly for years to come.

### Finger Duct Metal Cover Cap (MC)

Designed to accommodate any standard 19" rack. It is perfect for use in 2-Post racks, wall mount racks and cabinets.

### Finger Duct Plastic Cover Cap (PC)

Designed to accommodate any standard 19" rack. It is perfect for use in 2-Post racks, wall mount racks and cabinets.

### Plastic D-Ring (PR)

For express installs where speed and practicality is preferred, this welded steel D-ring Cable Manager will help route your cables without delay. Plastic rings are removable for custom cable configurations.

### Hinged Metal (MH)

A hinged metal cable management panel with swing-open access and dual thumbscrews for secure closure in standard 19" racks.

### Tool-less Brush Strip (TBR)

Designed for installation above or below patch panels and switches, this tool-less panel streamlines cable organization while improving airflow for optimal system performance.

### Brush Panel Style (BRS)

Extend the lifespan of your equipment while also providing optimal airflow and controlled cable management. This unit is ideal for installation above or below patch panels or switches.

## FEATURES
