

# SBP-T SERIES

## TOOL-LESS BLANK PANEL

The MAINFRAME Tool-less Blank Panel is specifically designed for the rack space, this panel effortlessly mounts onto any 19-inch wide rails, enhancing the rack's layout without the need for any tools. This panel gives the rack a professionally organized appearance and guides airflow precisely where it needs to be, thus improving the equipment's overall performance.

### Snap-Lock Installation

Pull the latch inward, align with the desired square hole, then release to securely snap into place.

### No Hardware Required

Installs in seconds without screws, cage nuts, or tools.

## FEATURES

- Quick and Easy Installation**  
The tool-less design saves time and eliminates the need for specialized tools.
